

iRISE brings World Diabetes Day to residents of Boston!

Join the iRISE **interprofessional healthcare team** and **educate** the residents of Boston on how to properly care for those **struggling with diabetes**.

Where & When

BCYF Blackstone Community Center

50 W Brookline St.

Boston, MA 02118

Friday, November 14th

5:00-6:30pm

What will we be doing?

- Sensation & Skin Check Education
- General Diabetes Knowledge
- Proper Medication Compliance
- Oral Health Screenings
- Vital Signs & Glucose Screening

“World Diabetes Day engages millions of people worldwide in diabetes advocacy and awareness. World Diabetes Day was created in 1991 by the International Diabetes Federation and the World Health Organization in response to growing concerns about the escalating health threat that diabetes now poses. World Diabetes Day became an official United Nations Day in 2007. The campaign draws attention to issues of paramount importance to the diabetes world and keeps diabetes firmly in the public spotlight.” (International Diabetes Foundation)
